

## Access Statement

### Introduction

The house is a tall Victorian semi-detached set on a main route into Chester and is just over  $\frac{3}{4}$  mile from Chester Cross, the epi-centre of the old town. There are two main doors and each is accessed by steps - one a flight of four, each being 13cm; and the other a flight of three, each being 20cm. Both flights have handrails on one side. Whilst we aim to meet the needs of all our Guests the design and layout of the house make access difficult for people with limited mobility.

#### 1. Pre-Arrival

- 1.1 We are on a very good bus route to the City centre terminus and the 'stops' are within 40 metres of the house.
- 1.2 Chester General Railway Station is diagonally opposite to us across the town, and approx. 1.5 miles distant. The Number 3, Number 4 and Number 11 buses are direct to Hough Green and you will need to ring the Driver's bell as you leave the round-about into Hough Green, and dismount at Cavendish Road
- 1.3 A Black Cab taxi service operates from the Railway Station, and from the town centre. There are also private hire taxi for which we can provide a contact number. Two people in a taxi will be cheaper than by bus.
- 1.4 For people traveling by car, you will find directions and a down-loadable map on our website. We have an open, level, off-street graveled car-park at the front of the house.
- 1.5 We have a parrot that is not 'user-friendly' but has a wide vocabulary.

- 1.6 Menus can be provided in large print if required but we regret we do not have the facility to create them in Braille.
- 1.7 Our web site at [www.mitchellsofchester.com](http://www.mitchellsofchester.com) carries our full details including tariffs and booking conditions.

## 2. Arrival

- 2.1 Helen and Colin will, most probably, be your sole contacts when you arrive. Sometimes we both have to leave the house for short periods and it would, therefore, be very helpful if you can let us know your anticipated time of arrival, so that we can be sure we are here to welcome you.
- 2.2 The rooms are usually ready by 1.00pm. Earlier arrival is possible by arrangement.
- 2.3 We can offer assistance with luggage.
- 2.4 Car parking bays are marked in the gravel and Guests are requested to park centrally and as far into the bay as possible.
- 2.5. The house is fully covered by Public Liability Insurance and by a fully maintained Fire Alarm System with detectors and sounders in every room. The escape routes are protected by half hour fire doors, door closers and emergency lighting.

## 3. Ground Floor

- 3.1 The Main Entrance Hall is 2.00metres at its widest and wraps around the Dining Room to connect the two Entrance Doors. There is a small Toilet for Guest use. The moulded corniced ceiling is just over 3.00metres high with a cut glass chandelier, and the Hall gives access to the Dining Room and Guests' Lounge. The floor is oak parquet with a central carpet.

- 3.2 The Dining Room is on the front of the house, facing south, has french polished antique furniture and the walls adorned with pictures and ceramic ware, in the Victorian style. A large over-mantle white framed mirror sits on an original white marble fireplace and the room is set off by a large central cut glass chandelier.
- 3.3 The comfortable and spacious Guests' Lounge is opposite the Dining Room and on the rear of the house, facing north.
